Columbus, O., Sept. 25.—What looked to be a quite ordinary card of class race events for today's Grand Circuit program developed into some of the prettiest contests of the week. Even the three year old pacing futurity, in which only Liberty Mack and Peter Fletcher started, was a pretty race, although the former colt won the event in two straight heats.

The 2.11 trot furnished the most bewildering problem for the wise ones to settle and when Golden Spier finally won after six heats, the longestrace of the meeting, a trotter who originally sold for \$70 in a ticket worth \$255, proved to be the best of a very evenly matched field. Summaries:

2.04 pace, three heats, purse \$1.000:

When the All-Stars or All-Norwich team played in Jewett City your wor-thy representative could find no fault with the brand of baseball we offered. with the brand of basebail we offered, and so took his revenge for the Norwich teams beating out on the poor grounds and the new uniforms of the players. He forgot to mention when our team played in Norwich the outneders had to use a rowboat to find the outfield, and finally located it in a swamp, and that the inner garden looked like a farm in France. Some baseball ground, and he kicked about Jewett City's "Garden of Eden" in comparison.

Now no ball fan with common sense thinks for a moment, that we as a

thinks for a moment, that we as a ball club are going to spend cur good American money advertising in the newspapers and by posters a ball game that we never expect to play, we are further away from the insane asylum than than than that.

further away from the insane asylum than that.

Some of the real games of this season in this section have been played in Jewett City, and on only che occasion has there been a disappointment in the lineup of the visiting team, Fort Terry on her first trip here brought Sam Rice of the Washington Senators as a pitcher, and Stewart of the Pacific League as a battery mate, and we trimmed them to the tune of 2 to 0. How about Norwick? They booked a second game here at a big guarantee, with the understanding they would use the same battery. Are we to biame because "Uncle Samuel" wanted them "over there" and that nothing was said to us that they would not play with the team until the Fort Terry team showed up?

Also in regard to advertiscing noted celebrities as playing on our team and substituting some of our regard to a superior to the same of the same of the same and substituting some of our regard to a superior to the same of the same of the same and substituting some of our regard to a same and same that the same of the sam

elebrities as playing on our team and

substituting some of our regular players, that is decidedly not the truth, and in fact we have more than once some the fans one better—even when Putnam played here last we had one of the best players of professional terms in the same this year.

MARKET WAS IRREGULAR. New York, Sept. 25.-Resumption of professional selling on a broader scale in the stock market today checked the unward tendency which has been in evidence during the past week. Conviction still is strong in some quarters which may inject themselves as levers that aside from any special influences which may inject themselves as levers to raise prices, money restriction is all the paramount factor. Disposition has been shown, also, toward retrenchment in purchasing with a view investing in the fourth. I there investing in the fourth Liberty
